Professor Anthony Aiello, Director of Horticulture at the University of Pennsylvania, presents a fascinating lecture on the history of America's flowering cherry trees. Light refreshments and a tour of Willowwood's splendid cherry collection follow.

A facility of the Morris County Park Commission, this 120+ acre botanical gem contains gardens of great beauty and rare plant treasures.

Henry and Robert Tubbs, lived at Willowwood from 1908 to 1958. Under their careful stewardship the gardens of Willowwood first took form. The Willowwood Arboretum of today was made possible because of their passion for plants and collecting.

*This program is presented in partnership with the Willowwood Foundation.*
